Job Description: We want office interns who will get involved in the work and accept responsibility. You will be dealing with customers over the phone, answering their questions and making reservations. You will be checking in customers at our Johnson Village office, collecting final payments from customers, and helping them rent wetsuits and booties. You will need strong organizational skills because you will be responsible for processing reservations, credit card payments, photo orders, sales, guide records, and mailing lists. After you are trained as our office intern, we will expect you to be a self-starter and to work independently with little supervision.

Given the above list of responsibilities, tell us why you will be a great office intern.

Will you promise to stay off pot and drugs for the entire rafting season?

No

Yes

Do you smoke cigarettes?

No

Yes

Work History: (Please attach resume and include work supervisors and their phone numbers.)
